### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Applicant's attorney, **Mr. Daniel B. Schein** on Tuesday, October 12, 2004.

The application has been amended without prejudice or disclaimer as follows:

In the Claims:

Claim 1, line 13, after "conductive", insert---**and comprises a conductive polymer---**,  
**Cancel** claims 8, 11-15 and 18-37.

2. The following is an examiner's statement of reasons for allowance: After a review of the prior art of record, it is believed that the present invention is novel and non-obvious wherein no reference discloses a electrically conductive confined space ventilator conduit with the recited structure and formed of a electrically conductive polymer. The closest references, U.S. 4,794,956 and 4,982,653, both to **Gordon et al.** disclose the recited structure, but these conduits are formed of sheet metal or low conductive plastics. No reference discloses the use of a conductive polymer for use in a saddle pipe or for use on a pipe in the disclosed environment.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
